

METROPOLITAN POLICE DEPARTMENT | Washington, DC
SPECIAL LIAISON DIVISION
Open Houses 2011

About the Special Liaison Division

One of the primary goals of the Special Liaison Division is to focus on supporting the agency's overall mission, goals, and objectives while ensuring the safety of our customers. The Division can effectively work towards meeting the needs of the community by achieving its goals through the promotion of active communication, safety practices, self reporting, and basic awareness. These strategies are specifically reflected through the accomplishment of activities, incorporation of existing programs, development and dissemination of information, and facilitation of increased participation in crime prevention practices.

Customer-Driven Results

The Division focuses its efforts on programs and activities that directly

impact community stakeholders and the agency. The key to the Division's success is its ability to meet or exceed the needs of those it serves. Therefore, it is imperative that the Division maintain a customer focus as it carries out its mission. The Division strives to maintain a high level of customer satisfaction among its external stakeholders.

Getting to Know You

Join us for an open house throughout November and December to learn more about this important part of the Metropolitan Police Department and meet some of our officers and officials. The table below lists the dates for meetings at SLD headquarters and in each police district across the city.
