Police Officers often come to your schools to teach and talk to you about safety and tell you about how to stay away from bad stuff like drugs, cigarettes and alcohol.

Do you know any Police Officers from your School?

Police Officers are our friends and patrol our neighborhoods to keep us safe, so when you see a Police Officer on the street always say, "Hello".

Police Officers will help you if you are lost, in trouble, need directions or are sick or injured. Police Officers will take good care of you.

Some Police Officers have “K-9” Partners.  
A “K-9” is a fancy name for a Police Dog.  
These Police Dogs help them find missing  
kids and bad things like drugs.

Connect the dots to reveal the Police Dog.

**Never take gifts, candy, or a ride from strangers. Always say "NO" and then run away, tell a trusted adult, and call 911.**

**Never play with fireworks or matches. They are dangerous and can hurt you very badly. If you see someone playing with fireworks or matches, tell a Police Officer about them.**

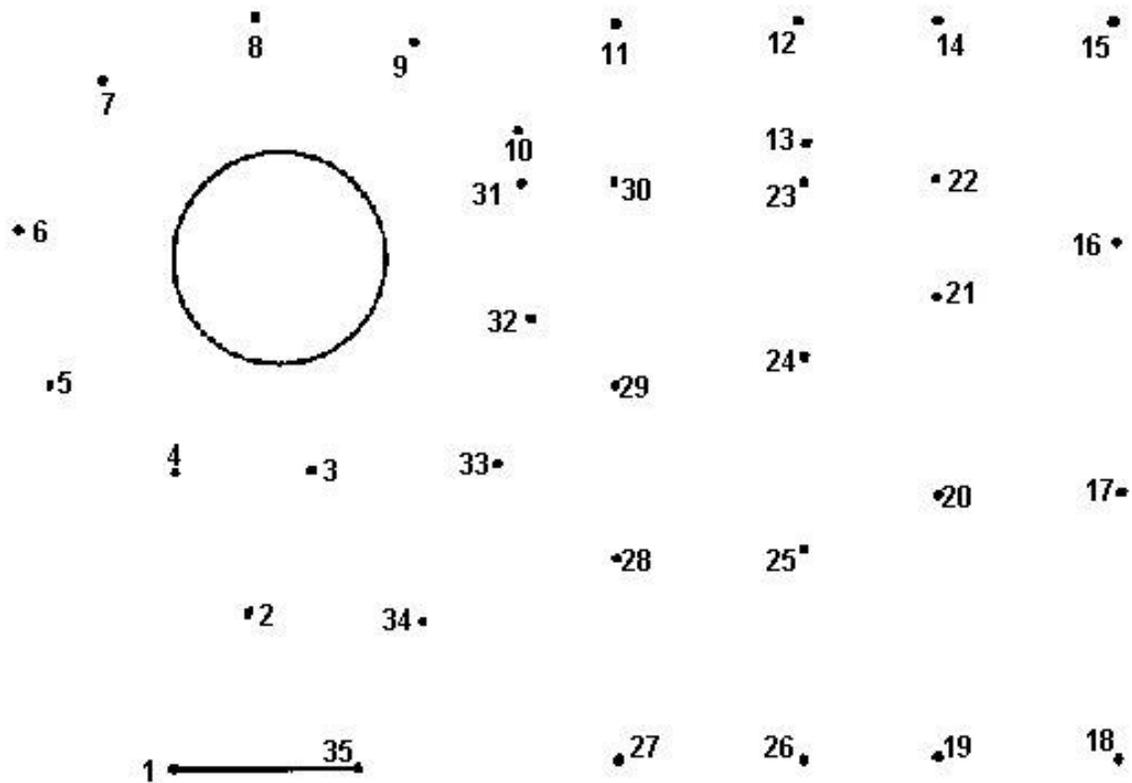

If you find a gun, **NEVER** touch it. Guns are very dangerous and deadly. Guns can hurt people very badly and can even kill.

If you find a gun, make sure to tell an adult and then call 911 so that a Police Officer can come quickly and take it away.

Always "SAY NO TO DRUGS"  
Drugs are very bad and will hurt your body.
