**PLEASE NOTE: Changes to your benefits plan will NOT be made after September 14, 2015 unless you have life status change documentation submitted.**

# WHAT YOU NEED TO KNOW

Your benefit plans are designed to offer you and your family comprehensive coverage for your dental and vision needs. Your benefits will be **effective October 1, 2015**.

## Dental Plan Costs

As part of the negotiated contract through the Washington Teachers' Union and the District of Columbia Public Schools, you have no payroll deduction cost for dental and vision insurance benefits coverage. The cost indicated on your paystub under "Employer Paid Benefits" simply demonstrates that your employer is paying 100% of the cost for your dental and vision premium. **Please note the dental and vision benefit coverage is separate from your self-selected and self-pay medical coverage managed in PeopleSoft.**

## WTU Elections and Enrollment

**WTU Electronic (online) enrollment is mandatory, if you are making changes or if you are a new hire.** To continue coverage, you must follow the instructions listed on **page 16** to complete your online enrollment.

**If you are currently enrolled you are still required to update your contact information and verify important information like your date of birth and social security number. This verification will prevent claim issues on your plan. Simply follow the same instructions listed on page 16 to complete verification.**

**If you don't complete electronic enrollment by September 14, 2015, your plan options will be selected for you by the Washington Teachers' Union. The selected plan option will be the In Network Only Dental plan. You won't be able to change plans or coverage until next year's open enrollment period unless you have a life status change, such as marriage, divorce, newborn, adoption or death.**

## Dependent Eligibility Requirements

If you're planning to cover a spouse or one or more children, you'll need to provide their Social Security number(s), date-of-birth, and submit proper documentation to WTU no later than September 14, 2015. If you don't supply this information, your dependent(s) will not have coverage. See page 7 to learn what documents you need to submit.

## Confirmation Statements

In an effort to reduce mailing and be environmentally friendly, you'll receive your confirmation statement via e-mail. After you've provided your e-mail address during enrollment, you'll be sent a statement detailing your benefit elections. You'll also be able to view your benefits on the WTU website throughout the year, using your login name and password.

# DEPENDENT COVERAGE

## Important Reminder about your DCPS PeopleSoft Account

Make sure your DCPS PeopleSoft account (the program you use to enroll into your DCPS health insurance plan); shows **Self AND Family** coverage if you have dependents that you would like to add to your union dental and vision plan. **If those dependents are not listed in your PeopleSoft account, they will not receive dental and vision coverage for the year 2015-2016.**

If you would like your 2015-2016 plan to offer coverage for a spouse, child or other dependents, (and they are not already covered) you must provide documentation and enroll them during WTU online open enrollment beginning August 10 – September 14, 2015.

If your dependent(s) is currently covered, simply verify their date of birth and social security number, but you do not need to provide documentation.

# DENTAL PLAN SUMMARY

You have a choice between two dental plans, the comprehensive In-Network Only or a PPO Plan. There will be no payroll deductions for either plan, no matter whether you opt for single or family coverage.

**Please be sure WTU membership matches DCPS PeopleSoft.**

## In-Network Only Plan

This is our most popular plan as it offers comprehensive coverage and little to no out-of-pocket costs to you. Your out-of-pocket cost will be less than the traditional Dental PPO Plan. Members of this plan have access to more than 2,000 regional providers and more than 180,000 national providers. You must receive services from providers who accept this In-Network plan, to receive coverage for procedures.

**There are no out of network benefits with this plan.** This plan has a larger annual max and has no deductibles. You will pay less out of your pocket with this plan design.

## PPO Plan

This Plan gives you access to a vast national network of PPO providers. Members of this plan have the flexibility of receiving coverage for both In-Network and Out-of-Network providers, but there is a co-pay, and a deductible and less coverage. This plan will pay Out of Network benefits that are deemed Reasonable and Customary (R&C). Any amounts over the R&C will be your responsibility.

\* Your dental plan provides that where two or more professionally acceptable dental treatments for a dental condition exist, your plan bases reimbursement on the least costly treatment alternative. If you and your dentist have agreed on a treatment which is more costly than the treatment on which the plan benefit is based, you will be responsible for the difference between the fee for service rendered and the fee covered by the plan. In addition, a pre-treatment estimate is recommended for any service estimated to cost over \$500; please consult your dentist. \*\* The network enrollee copay will be the lesser of the copay shown above and the discounted fee negotiated with the provider.

\*\*\* The non-network orthodontic percentage of benefits is based on the usual and customary charges prevailing in the geographic area in which the expenses are incurred. The non-network palliative treatment percentage is based on the allowable amount applicable for the same service that would have been rendered by a network provider.

The Prenatal Dental Care and Oral Cancer Screening programs are covered under this plan. The material contained in the above table is for informational purposes only and is not an offer of coverage. Please note that the above table provides only a brief, general description of coverage and does not constitute a contract. For a complete listing of your coverage, including exclusions and limitations relating to your coverage, please refer to your Certificate of Coverage or contact your benefits administrator. If differences exist between this Summary of Benefits and your Certificate of Coverage/benefits administrator, the Certificate/benefits administrator will govern. All terms and conditions of coverage are subject to applicable state and federal laws. State mandates regarding benefit levels and age limitations may supersede plan design features.
