**14. STATEMENT**

On October 12th, 2015 at approximately 1814 hours, a police call for service was voiced in PSA 107 by the First District dispatcher on behalf of a caller who felt three individuals were possibly going to attempt to "rob someone" in the vicinity of the secure ATM vestibule at 801 Pennsylvania Avenue SE. A lookout was gathered by 1071 which included a "black male, wearing a jean jacket, jean pants and brightly colored blue head phones and blue backpack." Upon attempting to make contact with this individual whose identity was later made known as [REDACTED] he fled on foot by running from responding officers toward Eastern Market Metro, while repeatedly looking back at the fully marked MPD Scout cars in the area. Upon reaching the vicinity of 8th Street and D Street SE, [REDACTED] observed my fully marked MPD Scout Car pulling southbound into the block and again fled on foot by running southbound into the 400 block of 8th Street SE, crossing into numerous lanes of actively flowing traffic with little regard for his safety or the safety of others. Upon reaching the east side of the street from the west side which he had been on previously, I pulled up beside [REDACTED] and another subject (whose identity was later made known as [REDACTED] and observed them entirely upon the sidewalk in front of 422 8th Street SE. I exited my police vehicle and verbally contacted both [REDACTED] and stated "Hey, I need to talk to you both for a minute." [REDACTED] then stopped and began walking toward me while [REDACTED] immediately began fleeing from me. [REDACTED] stated to [REDACTED] "Man, stop. Don't run!" however [REDACTED] continued to run on foot eastbound in the north alley of the 800 block of E Street SE toward 9th Street. I gave chase on foot and issued repeated loud verbal commands for him to stop and that I was a police officer while voicing the pursuit on the First District Dispatch channel. In the course of the foot pursuit, [REDACTED] continued to look back at me, making eye contact and observing my fully marked police uniform in daylight conditions while ignoring my loud and clear commands to stop from my position which was approximately ten feet away. [REDACTED] also crossed into on-coming traffic ignoring his own safety and the safety of others at least three more times. It was also during the course of the foot pursuit that [REDACTED] removed the backpack from both shoulders on his back, rotated it to the front of his body, began opening zippers on it and then placed his right hand into the back pack as if searching for an object. Upon entering into the 800 block of E Street SE, [REDACTED] crossed again into traffic and fled to the sidewalk on the south side of the street. [REDACTED] then stopped running and continued to search through his backpack despite my repeated commands for him to get on the ground and show me his hands. I had my OC Spray displayed at this point in my left hand and advised [REDACTED] that if he did not comply with getting onto the ground and showing me his hands, he would be sprayed as at the time I was fearful for my safety and that of the public as he was being furtive in his movements and creating a public hazard by running into traffic and attempting to remove an unknown object from his backpack. [REDACTED] refused to comply stating "Man, you ain't gonna spray me!" and instead fled again on foot, westbound toward 8th Street SE.

14. STATEMENT

The foot pursuit terminated approximately twenty to thirty seconds after it began at which point [redacted] stopped, turned his back to me and again began searching through his backpack for an unknown object. Again fearing for my safety and the safety of the public, I physically contacted [redacted] and ordered him to the ground. I used a single-person take down while issuing commands for him to "get on the ground, place your hands behind your back and stop resisting" loudly and clearly. At this point, [redacted] approached from an unknown direction and started screaming at me to "let him go, get off him!" and physically attempted to remove me from [redacted] with one hand while grabbing at my uniform and equipment. I then kept positive control upon [redacted] with a lower extremity and used both of my hands to shove [redacted] away, loudly and clearly stating "Get Back!" At this time, [redacted] arrived on-scene to assist and did so by detaining [redacted] for officer safety and assisting me in detaining [redacted]. During a pat-down for weapons of [redacted] by [redacted].

[redacted] during the course of our interaction and [redacted] when the stop was concluded. The original 911 caller was contacted by [redacted] and it was determined no crime had occurred. [redacted] were advised of the reason for the stop by myself and [redacted]. Prior to being released, [redacted] advised me to inform [redacted] the incident numbers. [redacted] recorded the numbers in his phone and [redacted] refused to write down the numbers stating "I will get them from him (pointing to [redacted])" [redacted] advised [redacted] and myself that they had no complaint of pain and required no assistance from DCFEMS when repeatedly asked by [redacted] and myself. At no point were [redacted] read their Miranda Rights because at no point were [redacted] placed under arrest. The entire length of the incident from the initial call for service to [redacted] and [redacted] being sent on their way was approximately 20-30 minutes to the best of my memory.

**14. STATEMENT**

On October 12, 2015 [redacted] received a call for an attempt robbery at the Citibank block of Pennsylvania Ave SE, with a look out for 3 black males, one wearing black jacket, one wearing a jean jacket blue jeans and blue headphones and the third one I couldn't remember but was also a black male with the other two subjects, standing inside of the atm room, casing the customer area. [redacted] observed 3 black males matching that description heading east bound on Pennsylvania Ave headed towards 8th st SE.

[redacted] then gave a look out for the subject heading towards 400 block of 8th st SE and started following them, moments later [redacted] comes over the 1D air with black male running south bound in the 400 block of 8th st SE, black male wearing, blue jean jacket, blue jeans and wearing blue headphones.

[redacted] utilizing call sign [redacted] in marked scout car [redacted] then went to back up [redacted] for officer's safety and to back him up. While driving north bound in the 600 block of 8th st SE I observed several police vehicles with lights activated in the 400 block of 8th st SE, so went in that direction. Upon arrival I witnessed C2 recording and walking towards [redacted] who were trying to hand cuff C1 on the ground. C1 was pulling away from [redacted] and screaming loudly at the officers.

I exited my vehicle still observing C2 recording, walking close to officer [redacted] while in attempt to grab and pull C1 away from [redacted] while stating "let him go", he didn't do nothing". [redacted] then gave a multiple loud commands to C2 to get back and giving C2 a two hand push to keep C2 away from grabbing C1 or touching both officers. C2 disregarded those commands from [redacted] and continued to record, with his arm extended as if he was still trying to touch [redacted]

I then approached C2 and stated loudly "get back" [redacted] then advised me that C2 was with C1 and was a potential suspect. C2 was then given a verbal command to come towards me [redacted] and to place his hands on the trash can where they could be seen and then was advised to place his hands behind his back to be handcuffed and detained creating a safe scene for officer safety, while they conducted their investigation.

A protective pat down was done on C2 by myself, where I [redacted]

[redacted] for my safety and other officers. C2 was un-handcuffed and C2 was asked if was he injured, he stated "I'm fine" and refused any medical attention. I heard [redacted] advise both C1 and C2 what they were stopped in reference too and was offered the report numbers for the stop and frisk regarding the call for service. C2 then, said "I don't want to write the report numbers down and stated "I will get them from him" referring to C1. C1 and C2 were sent on their way after the investigation was over and C2 was given back his black folding knife.

While on scene I observed C1 being very uncooperative with [redacted] as they conducted their investigation, C2 was cooperative on the scene.

[redacted] responded to the scene and spoke with C1 because he advised [redacted] he wanted to speak with an supervisor.

14. STATEMENT

On the date of October 12, 2015 I worked the tour of duty 1430-2300 under the call sign [REDACTED] in vehicle [REDACTED] in PSA 108. At 6:14 pm I responded to a radio run for assistance for 3 subjects that had fled from [REDACTED] regarding an "investigate the trouble" call in PSA 107. While responding to help [REDACTED] stated over the radio the direction of travel of the fleeing subjects. After responding to the area in question to help give assistance with the fleeing subjects, it was stated over the radio that 2 of the suspects were stopped and detained at the corner of 8th and D Street SE in front of the Subway sandwich shop.

Upon arriving on the scene [REDACTED] both had one individual stopped and detained facing upright on the ground while [REDACTED] had the other individual stopped and detained standing straight up. At this time I [REDACTED] helped keep people back from the scene and clear. I then helped [REDACTED] with watching over the individual that he had detained while the investigation continued further from the other officers on scene into the original call. The investigation ended with a stop and frisk report number of 15/162-142 which was given to both individuals by [REDACTED] prior to the subjects leaving from the scene and the reason for the stop and frisk was explained to both individuals by [REDACTED] as well.

1. The subjects were detained for about 20 minutes or so.
2. I don't recall any officers reading Miranda Rights to the subjects as they were not placed under arrest.
3. The subjects were told by [REDACTED] the reason for the stop when [REDACTED] gave both subjects the report number for the incident in question.

14. STATEMENT

On October 12, 2015 at approximately 1815 hours, I received a radio run for a suspicious person. The dispatcher relayed over the main air that three juvenile black males were inside the Citibank standing next to the ATM located at 600 Pennsylvania Ave SE. The caller believed the juveniles' behavior was suspicious and wanted police to respond. As I was responding to 600 Pennsylvania Ave SE, I observed the three juvenile males walking eastbound on the north side of the street in the 600 block of Pennsylvania SE who matched the lookout the dispatcher had given me. I proceeded around the block and saw the juvenile males now on the south side of the street heading eastbound in the 600 block of Pennsylvania Ave SE in front of the CVS. I began to give a lookout to my colleagues over the 1D-Tac channel. I advised units what all three were wearing and what their current location was in order for us to make contact with them. As I was watching the individuals, I advised that the black juvenile male wearing headphones and had on a backpack kept looking back at me and seemed extremely nervous. When I was attempting to catch up with the juveniles, I was in traffic at 8 ST/D ST SE. At this point, I heard [redacted] come over the air pursuing the juvenile males on foot. When I got on scene to where [redacted] and the other officers had two of the three male juveniles stopped at 8 ST/E ST SE, I witnessed [redacted] attempting to detain the male juvenile who was wearing the headphones and had the backpack. The male juvenile was not placing his hands behind his back and was actively resisting verbal commands. [redacted] was clearly stating, "Quit resisting," but the juvenile male did not listen. At this point, [redacted] arrived on scene and told me to go back to 600 Pennsylvania Ave SE and interview the complainant.

After interviewing the complainant, she told me that when she and her husband entered the vestibule to use the ATM, all three juvenile males were standing inside not speaking to one another. The complainant stated she felt uneasy in the location, so made an excuse to leave. As she was exiting the location, one of the juvenile males stated to her, "Oh my bad, I should have gotten the door for you." The complainant exited the location and called 911. She told me that she thought it was suspicious for these boys to be inside the vestibule not using the ATM and not speaking to one another. She did advise that although they had not committed a crime in her presence, she still thought that officers should look into the juveniles and is why she called the police.

**14. STATEMENT**

On October 12, 2015 I was working the evening tour as [REDACTED]. During the tour I heard a radio run for a possible attempt robbery at an ATM near 6th and Pennsylvania Ave SE. While en route to the location I heard [REDACTED] with [REDACTED] broadcast that he was pulling up to the scene and that he could see some subject matching the description. [REDACTED] then quickly stated he had one running from the location. Within a minute [REDACTED] advised that he had a subject stopped at 8th and D st SE.

When I arrived at the corner of 8th and D st SE [REDACTED] had one subject laying on the ground handcuffed and [REDACTED] had another subject [REDACTED] detained. I asked [REDACTED] if he was ok and he replied yes. I then told him to sit his suspect up against the wall as I asked the suspect if he was injured. The suspect, later known as [REDACTED] replied no but that the officer stopped him for no reason. I told him to calm down, I was the supervisor and that I was there to make sure the scene was handled properly. I then asked [REDACTED] what did he have as far as offenses. He replied he wasn't sure if he had a robbery because he didn't interview the complainant since the suspect fled as soon as he approached him. I asked [REDACTED] to go to the broadcast scene to see if there was a complainant there. [REDACTED] after going to the scene, advised there was no robbery and that the complainant was alarmed by the suspects as she saw them standing by the door where she was attempting to utilize the ATM machine. I then informed both men the reason for them being stopped was in reference to a possible robbery. I also told them that when [REDACTED] approached the scene he saw [REDACTED] matching the description and that him fleeing upon [REDACTED] trying to make contact with him made him believe he had the right person in reference to the radio call he had received. I asked [REDACTED] why did he run, and he replied "I thought the officer was going to hit me with his car". I asked [REDACTED] why didn't he run and stated "because I didn't do anything". I told [REDACTED] to get CCNs for a stop and frisk and to give [REDACTED] the numbers. I asked [REDACTED] did he want the numbers also and he replied "I will get them from him". I asked [REDACTED] again was he ok or if he had a complaint of any kind and he replied "no". I heard Ofc [REDACTED] explain again the stop to [REDACTED] and to give him CCNs for the Stop and Frisk. Both men left without any further incident. The stop lasted about 10 minutes. I then gathered the officers (including [REDACTED]) to discuss with them what just happen and specifically about making sure someone always finds the complainant so we can obtain as much information for other officers who are canvassing for suspects. -----

I, [REDACTED] make the following statement:

On the evening of Monday, October 12<sup>th</sup>, I was [REDACTED]. I heard a voice yell, "stop," from the front of my house in such a distinctive way that I knew it was a police officer—it was commanding, authoritative, and loud. I walked to my door and looked out to see a young black male (subsequently identified as PERSON 1) wearing a jean jacket and turquoise colored headphones heading west on E St SE, crossing over from the north side of the street to the south side sidewalk. A few seconds later, a police officer came into my view to my right. The police officer was approximately four car-lengths behind PERSON 1, and from my vantage point, it looked like he had just started to cross the street as well because he was still in the street. Both PERSON 1 and the police officer were moving at a pace of a slow jog. As PERSON 1 crossed in front of my house, the police officer continued to issue the verbal commands of, "stop," and "get on the ground" multiple times. PERSON 1 disregarded the police officer's commands and continued at a slow jog westbound on E St SE. I saw PERSON 1 look back several times so it was apparent PERSON 1 was fleeing from the police officer. Approximately two car lengths past my house, PERSON 1 crossed back over E St SE to the north side sidewalk. The police officer continued down the road after PERSON 1, talking into his radio. I watched from my doorway as PERSON 1 approached the intersection of 8<sup>th</sup> St SE and E St SE. A second police officer was at that intersection, near the entry of Subway, and grabbed PERSON 1 to prevent him from continuing to flee. The first police officer caught up at this point and both officers took PERSON 1 to the ground. Due to where I was standing, there was shrubbery and parked cars blocking my view so I couldn't see anything that was happening on the ground. Between 10 to 15 seconds later, a second black male (subsequently identified as PERSON 2) wearing darker color clothing approached the officers as they were dealing with PERSON 1 on the ground. I was unable to tell if PERSON 2 was a part of the situation, or if he was a curious bystander. As the police officers were on the ground with PERSON 1, PERSON 1 crying out, and I heard from one of the officers, "stop resisting." I also heard the police officer command to PERSON 2 to "back up." I could see PERSON 2 standing near the officers and step towards them again. I heard another "back up" and saw one of the officers push PERSON 2 back. A few seconds after this, a third police officer approached the scene and grabbed PERSON 2 to pull him to the side, away from the two officers on the ground. More officers quickly appeared on scene and everything seemed to be under control. I went back [REDACTED] looking out my door every few minutes to see if there were any obvious developments. The only thing I was able to see was what appeared to be PERSON 2 standing with his hands behind his back in a way that made me assume he was handcuffed, talking to police officers. I never again saw PERSON 1 after he was initially taken to the ground by the police officers. About 15 minutes after the two police officers took physical control of PERSON 1, it looked as if the situation had been resolved and the two individuals who were initially detained were no longer there. I was not aware of whether they were released or arrested until the following day when I read the news. There was still a police presence on the corner for another 15 or 20 minutes, as a few remaining officers were staying to talk to each other.

The following day, I saw the cell phone video PERSON 2 had taken and posted online of the incident. News media reported PERSON 1 was identified as [REDACTED]. The person I saw in front of my house, fleeing from the police, was the same person who was in the cell phone video taken by PERSON 2, identified as [REDACTED].

I, [REDACTED] have made this true statement freely without hope of benefit or reward and without coercion or unlawful influence.

**Subject:** Capitol Hill on Columbus Day

[REDACTED]

Late afternoon Monday, Oct. 12 (Columbus Day), I was putting recycling items into my bin (back turned to [REDACTED] when I heard a commotion. Wouldn't necessarily have looked around (commotion being pretty normal for these blocks adjacent to [REDACTED] except that there was a "STOP!!!") When I turned around, I saw an MPD officer chasing a young black male down the sidewalk (going west on south side of the street.) The young man was neatly dressed, sported turquoise headphones, and because he carried a turquoise backpack strapped to his chest, I assumed he was on the young side, as I've seen on local jr. high/high school kids. I had turned around when the officer was approximately at the "End Roadwork" sign on that side of our 800 block. The young man was probably 6-10 strides ahead of the officer, who again told him to stop or he would have to use pepper spray. The young man then darted across the street, approximately between [REDACTED] and proceeded toward the Subway at 8th and E. He had screamed that he hadn't done anything, but kept running, head straight ahead. At that point I heard lots of sirens and saw a number of police cars converging on the intersection. I took my recycling container inside, grabbed my keys, locked the door and proceeded out to my gate where I encountered two men, one of whom I don't know by name but know lives around the corner on 9th, walking toward 8th. Together we walked to roughly between [REDACTED] and stopped, not wishing to fold ourselves into the excitement. The owner of [REDACTED] joined us and, a bit later, the owner of [REDACTED]. The young man who was being chased (I'd obviously missed "the stop") was now on the ground with numerous officers around. I could really only see his legs on account of the number of people congregated. Though he was restrained and on the ground (I couldn't see if there were handcuffs involved, but assumed there were) now we saw another another young black man in the throng of officers; this one standing and seeming to have one arm held behind his back. There was nothing more aggressive I could see in MPD behavior beyond basic restraint (the men weren't fighting -- at least at the point I saw him (them) again, and the vast majority of officers were simply discussing the situation among themselves. The neighbors and I stayed where we were, and within I'm guessing 15-20-25 minutes, the men were no longer restrained, both standing. There was still discussion, but I would say that by 30 minutes at most, the whole crowd was dispersing and we all (neighbors) went our separate ways. As I walked back to my house, there was another young black male, similarly neatly attired, waving down toward Subway from the NW corner of E and 9th who then proceeded toward Penn Ave.

Surely there must have been dozens in close proximity on 8th during the event who can give better feedback on how it went down at the corner, but hope this helps.

Best regards,  
[REDACTED]

Postscript: This all makes me so sad... and this is for your consumption only. →

Given the rapid increase in robberies, assaults, murders -- and frankly a lot from what I read, by groups of three (or sometimes two), I can see why this woman could have felt vulnerable in a somewhat isolated spot. I know that I've given up walking some routes alone -- even major routes like 8th up to Union Market, for instance, and certainly not neighboring streets where vicious attacks take place mid-day. Don't think I'd have called 911 under those circumstances, but still...

By now I've read reports in the *Post* that [REDACTED] ran because a) he thought he would be shot; b) that his ordeal went on for 2-3 hours.

B: I can appreciate (I certainly can't truly understand) how this young man (men) felt like their ordeal, however the truth, pans out, would feel like it went on forever.

A: I feel like he's actually fortunate (maybe not in many ways considering rapid gentrification, etc. and issues that come with it) to live in a city where I feel like the police think a lot longer/harder before they shoot.
