Re: FOIA Request No.: 2020-FOIA-04858

Dear Ms. Rubjerg,

This is in response to the above referenced Freedom of Information Act (FOIA) request for the following:

I am looking for the case files/autopsies on the victims of the Freeway Phantom; Carol Denise Spinks, Darlenia Denise Johnson, Brenda Faye Crockett, Nenomoshia Yates, Brenda Denise Woodward, Diane Denise Williams. I am a writer trying to look deeper into their cases and see what I can find, please help me out by giving me access to these records.

It has been determined that the information you are seeking is part of an ongoing criminal investigation. The release of this information could interfere with enforcement proceedings by revealing the direction and pace of the investigation. It could also lead to attempts to destroy or alter evidence, reveal information about potential witnesses who could then be subjected to intimidation as part of an effort to frustrate future investigative activities, or could place witnesses in danger. For these reasons information about this incident is exempt from disclosure pursuant to D.C. Official Code § 2-534 (a)(2), (a)(3)(A)(i) and (a)(3)(C).

With regards to your request for “autopsies”, please be advised that the Metropolitan Police Department (MPD) is not the custodian of “autopsies”. You may submit your FOIA request to the Office of the Chief Medical Examiner (OCME) online via the DC Government Public FOIA Portal at <https://foia-dc.gov/palMain.aspx>. Alternatively, you may submit your FOIA request in writing to:

Beverly Fields, Esq.
Office of the Chief Medical Examiner
401 E Street, S.W.
Suite #6100
Washington, DC 20024

Please know that, under D.C. Official Code § 2-537 and 1 DCMR § 412, you have the right to appeal this letter to the Mayor or to the Superior Court of the District of Columbia. If you elect to appeal to the Mayor, your appeal must be in writing and contain “Freedom of Information Act Appeal” or “FOIA Appeal” in the subject line of the letter, as well as, on the outside of the envelope. The appeal must include (1) a copy of the original request; (2) a copy of any written denial; (3) a statement of the circumstances, reasons, and/or arguments advanced in support of disclosure; and (4) a daytime telephone number, an e-mail and/or U.S. mailing address at which you can be reached. The appeal must be mailed to: The Mayor’s Office of Legal Counsel, FOIA Appeal, 1350 Pennsylvania Avenue, N.W., Suite 407, Washington, D.C. 20004. Electronic versions of the same information can instead be e-mailed to the Mayor’s Office of Legal Counsel at foia.appeals@dc.gov. Further, a copy of all appeal materials must be forwarded to the Freedom of Information Officer of the involved agency, or to the agency head of that agency, if there is no designated Freedom of Information Officer there.

Failure to follow these administrative steps will result in delay in the processing and commencement of a response to your appeal to the Mayor.

Regards,

Dear Sir,

I am submitting a FOIA request for case files and photographs relating to the Freeway Phantom killings.

- April 25, 1971, Carol Spinks
- July 8, 1971, Darlenia Johnson
- July 27, 1971, Brenda Crockett
- October 1, 1971, Nenomoshia Yates
- November 15, 1971, Brenda Woodward,
- September 5, 1972. Diane Williams

My daughter and I are bestselling true crime authors and are exploring whether these cases might warrant us writing a book. Our books on cold cases generate new tips and leads for authorities, and we would anticipate that our coverage of these cases would do the same.

I understand that these are open cases, but they are from the 1970's and previously information has been released to the press from the files. We understand some material may be held back for investigative purposes. Even the initial crime scene reports would be of interest to us.

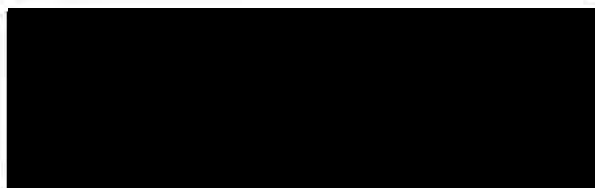

If the volume is great, we can arrange to visit your offices and do a review on-site, saving you copy time.

We appreciate your cooperation and look forward to hearing from you.

Sincerely,

Blaine Pardoe

Dear Chief Lanier,

My name is Blaine Pardoe and my daughter and I are true crime authors. We are currently working on a book on the Freeway Phantom cases from the early 1970's in Washington DC. We could use your help with our research.

We have talked to several former investigators and know that your department has lost most of the evidence and much of the investigatory files. We filed a FOIA to request redacted copies of the crime scene reports or any materials that you have. After 47 years, there is little risk of us corrupting any investigation you have. By now, most witnesses are dead, along with most suspects.

The FBI provide us with a wealth of material on the case, but your department blocked our FOIA with Prince George's County, Maryland as well, citing they were working the case. I am sure they follow-up on leads when they come in, but I seriously doubt this case is prosecutable at this stage. Over ten years ago, in 2002 the FBI released information on the 1975 Jimmy Hoffa case. Yet your department refuses to cooperate with our requests. I'm sure this is an administrative rule, but it need to be reviewed and reconsidered.

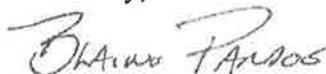

Our books on cold cases generate new tips and leads for investigators. We are confident that the same will happen with the Freeway Phantom cases.

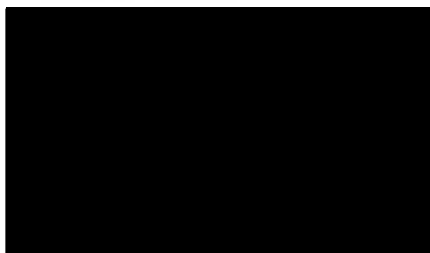

What we are asking for two things. One, a reconsideration of our request for the case files on the Freeway Phantom cases. Two, we would like the name of your contact in the Cold Case Team who we can ask questions of. Police Departments that have worked with us (Michigan State Police, the Battle Creek Police Department) have found this gives them a degree of control and insight as to what will be printed in the book.

Our goal is get the information out the public on these cases in hopes that it will lead to closure. It has been nearly five decades...I hope you feel the same way we do, **it's worth a shot.**

Thank you for your consideration and for your service.

Sincerely,

Blaine Pardoe

RE: FOIA Request No.: 2019-FOIA-01852

Dear Mr. Pardoe,

This letter is in response to the above referenced Freedom of Information Act (FOIA) request for the following:

"I am looking for any and all photographs (including booking photographs) of Robert E. Askins. He was arrested for several murders in the 1950's, including the murder of Laura Cook. I know a photograph exists of him because a copy was shown to me by a former police officer. I require a good digital or hard copy of his arrest photo. Askins is dead; he died in federal prison several years ago. His photograph may be in the files related to the Freeway Phantom case."

Per a search conducted by personnel assigned to the Metropolitan Police Department (MPD), the search determined in accordance with MPD's Homicide's then-retention schedule (25 years for closed and solved homicides), these files were purged in the year of 1978, therefore, no photographs were located in response to your request.

Please know that, under D.C. Official Code § 2-537 and 1 DCMR § 412, you have the right to appeal this letter to the Mayor or to the Superior Court of the District of Columbia. If you elect to appeal to the Mayor, your appeal must be in writing and contain "Freedom of Information Act Appeal" or "FOIA Appeal" in the subject line of the letter, as well as, on the outside of the envelope. The appeal must include (1) a copy of the original request; (2) a copy of any written denial; (3) a statement of the circumstances, reasons, and/or arguments advanced in support of

disclosure; and (4) a daytime telephone number, an e-mail and/or U.S. mailing address at which you can be reached. The appeal must be mailed to: the Mayor's Office of Legal Counsel, FOIA Appeal, 1350 Pennsylvania Avenue, N.W., Suite 407, Washington, D.C. 20004. Electronic versions of the same information can instead be e-mailed to the Mayor's Office of Legal Counsel at foia.appeals@dc.gov. Further, a copy of all appeal materials must be forwarded to the Freedom of Information Officer of the involved agency, or to the agency head of that agency, if there is no designated Freedom of Information Officer there.

Police Plead for Public's Help In Search for Freeway Killer

By Charles A. Krause
Washington Post Staff Writer

Metropolitan police investigating the so-called Freeway Phantom murders blame the public for their inability to find the killer or killers of seven Washington girls found strangled over the past 17 months along area expressways.

"We're pleading for the public to come through," Det. Louis B. Richardson of the police homicide division, who is in charge of the investigation, said yesterday. "I'm positive somebody knows something in each and every case."

There were striking similarities in both the lives and deaths of the seven girls: all were black, five lived in the same section of the city, six were teen-agers between the ages of 12 and 18, all were last seen walking alone in the early evening or night and six were found near the District line along Prince George's expressways. The seventh victim was found near Waldorf, Md. in Charles County.

The seven victims were: Carole Denise Spinks, 13, killed April 25 or 26, 1971; An-

gela Denise Barnes, 14, killed July 13, 1971; Darlenia Denise Johnson, 16, killed July 8 or 9, 1971; Brenda Fay Crockett 10, killed July 26, 1971; Nenomoshia Yates, 12, killed Sept. 31, 1971; Brenda Denise Woodard, 18, killed Nov. 14, 1971; and Diane Williams, 17, killed Sept. 5, 1972.

Police believe that however similar the circumstances surrounding the deaths are, at least two and possibly more killers are responsible.

Richardson said he is now reviewing for the fourth time "thousands" of pages of files relating to the seven killings, trying to find links that may have been overlooked.

For example, Richardson said he has discovered that one of the victims was found dead near where her mother worked about the time her mother would have finished work. Richardson believes that a close friend or relative who knew this information may have convinced the girl to get in his car on the pretext that they would then pick up the victim's mother.

This kind of information is significant, the detective said,

because most of the victims apparently entered their killer's car voluntarily.

"We have a strong feeling that these girls knew the assailant or a close friend of the assailant," Richardson said.

Richardson said he is certain that someone observed each of the victims as they entered the killer's cars. "What they saw is what we want to know," he said.

Two detectives will now be assigned to each case, he said, treating each as an individual killing. "Maybe the detectives can communicate more clearly with the victims' families," he said. "These cases could be isolated."

Richardson said people do not want to become involved because they fear retaliation, either from neighbors who may think they are police informants or because "they are afraid the killer may come and get them."

But Richardson said it was in the public's interest to help the police find the killer or killers. "As long as they are out there," he said, "you don't know who the next victim is going to be."
