

Variable Name	Description	Acceptable Value(s)
ccn_anonymized	Anonymized Criminal Complaint Number; multiple people may be associated with one CCN; same individual may carry different CCN if stopped on different dates	String of characters or NULL if no criminal complaint was filed
stop_type	Type of stop	Ticket Only, Non-ticket Stop, Harbor, Ticket and Non-ticket Stop
stop_date	Date on which the stop occurred	MM/DD/YY
stop_time	Time at which the stop occurred	HH:MM
stop_location_block	Block address of the stop location (i.e. where the stop occurred)	Block level address, street name, and/or intersection
stop_district	Police District of the stop location when available. Otherwise it is the assigned district of the officer making the stop	1D - 7D or NULL
stop_duration_minutes	Duration of the stop in minutes	Number or NULL
stop_reason_nonticket	Reason(s) stop was initiated for non-ticket stops	List of one or more of 13 reasons separated by semi-colons, or NULL if not applicable
stop_reason_harbor	Reason(s) stop was initiated for Harbor stops	One of 2 reasons or NULL if not applicable
stop_reason_ticket	Reason(s) stop was initiated for ticket stops	One of 8 reasons or NULL if not applicable
person_search_or_protective_pat_down	Indicator for whether the person being stopped was searched or patted down	1 or 0, indicating whether a person was searched and/or underwent a protective pat down or not, respectively
property_search_or_protective_pat_down	Indicator for whether property belonging to the person being stopped was searched or patted down	1 or 0, indicating whether a person's property was searched and/or underwent a protective pat down or not, respectively
person_search_consent	Indicator for whether a person search was conducted with the consent of the person being stopped.	1 or 0, indicating whether the person being stopped was searched with their consent or not, respectively.
person_search_probable_cause	Indicator for whether a person search was conducted due to an officer having probable cause of criminal activity.	1 or 0, indicating whether the person being stopped was searched due to probable cause or not, respectively.
person_protective_pat_down	Indicator for whether the person being stopped underwent a protective pat down.	1 or 0, indicating whether the person being stopped underwent a protective pat down or not, respectively.
person_search_warrant	Indicator for whether a person search was conducted due to a warrant.	1 or 0, indicating whether the person being stopped was searched due to a warrant or not, respectively.
property_search_consent	Indicator for whether a person's property was searched with the consent of the person being stopped.	1 or 0, indicating whether property belonging to the person being stopped was searched with their consent or not, respectively.
property_search_probable_cause	Indicator for whether a person's property was searched due to an officer having probable cause of criminal activity.	1 or 0, indicating whether property belonging to the person being stopped was searched due to probable cause or not, respectively.
property_protective_pat_down	Indicator for whether property belonging to the person being stopped underwent a protective pat down.	1 or 0, indicating whether property belonging to the person being stopped underwent a protective pat down or not, respectively.
property_search_warrant	Indicator for whether a person's property was searched due to a warrant.	1 or 0, indicating whether property belonging to the person being stopped was searched due to a warrant or not, respectively.

Variable Name	Description	Acceptable Value(s)
person_search_reason_consent	Reason(s) for consent searches of the person being stopped	List of one or more of nine reasons separated by semi-colons or NULL if not applicable
person_search_reason_probable_cause	Reason(s) for probable cause searches of the person being stopped	List of one or more of nine reasons separated by semi-colons or NULL if not applicable
person_protective_pat_down_reason	Reason(s) for protective pat downs of the person being stopped	List of one or more of nine reasons separated by semi-colons or NULL if not applicable
person_search_reason_warrant	Reason(s) for warrant searches of the person being stopped	List of one or more of nine reasons separated by semi-colons or NULL if not applicable
property_search_reason_consent	Reason(s) for consent searches of property belonging to the person being stopped	List of one or more of nine reasons separated by semi-colons or NULL if not applicable
property_search_reason_probable_cause	Reason(s) for probable cause searches of property belonging to the person being stopped	List of one or more of nine reasons separated by semi-colons or NULL if not applicable
property_protective_pat_down_reason	Reason(s) for protective pat downs of property belonging to the person being stopped	List of one or more of nine reasons separated by semi-colons or NULL if not applicable
property_search_reason_warrant	Reason(s) for warrant searches of property belonging to the person being stopped	List of one or more of nine reasons separated by semi-colons or NULL if not applicable
property_search_object_consent	Type of property searched in consent searches of property belonging to the person being stopped	Text description of the type of object searched or NULL if not applicable
property_search_object_probable_cause	Type of property searched in probable cause searches of property belonging to the person being stopped	Text description of the type of object searched or NULL if not applicable
property_protective_pat_down_object	Type of property patted down in protective pat downs of property belonging to the person being stopped	Text description of the type of object patted down or NULL if not applicable
property_search_object_warrant	Type of property searched in warrant searches of property belonging to the person being stopped	Text description of the type of object searched or NULL if not applicable
person_search_object_seized_consent	Type of property seized as a result of consent searches of the person being stopped	Text description of the type of object seized or NULL if not applicable
person_search_object_seized_probable_cause	Type of property seized as a result of probable cause searches of the person being stopped	Text description of the type of object seized or NULL if not applicable
person_protective_pat_down_object_seized	Type of property seized as a result of protective pat downs of the person being stopped	Text description of the type of object seized or NULL if not applicable
person_search_object_seized_warrant	Type of property seized as a result of warrant searches of the person being stopped	Text description of the type of object seized or NULL if not applicable
property_search_object_seized_consent	Type of property seized as a result of warrant searches of property belonging to the person being stopped	Text description of the type of object seized or NULL if not applicable
property_search_object_seized_probable_cause	Type of property seized as a result of probable cause searches of property belonging to the person being stopped	Text description of the type of object seized or NULL if not applicable
property_protective_pat_down_object_seized	Type of property seized as a result of protective pat downs of property belonging to the person being stopped	Text description of the type of object seized or NULL if not applicable

Variable Name	Description	Acceptable Value(s)
property_search_object_seized_warrant	Type of property seized as a result of warrant searches of property belonging to the person being stopped	Text description of the type of object seized or NULL if not applicable
tickets_issued	Citations issued during a ticket stop	List of violation codes separated by semi-colons or NULL if no tickets were issued in the stop
warnings_issued	Warnings issued during a ticket stop	List of violation codes separated by semi-colons or NULL if no warnings were issued in the stop
voided_tickets	Citations that were voided during a ticket stop	List of violation codes separated by semi-colons or NULL if no tickets were voided in the stop
ticket_count	Number of tickets issued during a ticket stop	Integer or NULL for non-ticket stops
warning_count	Number of warnings issued during a ticket stop	Integer or NULL for non-ticket stops
void_count	Number of tickets voided during a ticket stop	Integer or NULL for non-ticket stops
arrest_charges	Arrest offense(s) associated with the stop	List of charges separated by semi-colons or NULL if no arrest occurred
gender	Gender of the person being stopped	Female, Male, X, Unknown, or NULL
race_ethnicity	Race of the person being stopped	Asian, Black, Hispanic, Multiple, Other, White, Unknown, or NULL
age	Calculated age of the person being stopped at the time of the stop or arrest	Number, Juvenile for individuals aged 8 - 17, or Unknown
arrest_date	Time and date at which an arrest associated with the stop occurred	MM/DD/YY or NULL if no arrest occurred
vehicle	Indicates whether an NOI involving a vehicle infraction was issued	0 if no or 1 if yes
bicycle_pmd	Indicates whether an NOI involving a bicycle or PMD (i.e. stand-on scooter) was issued	0 if no and 1 if yes
pedestrian	Indicates whether an NOI involving a pedestrian infraction was issued	0 if no and 1 if yes
harbor	Indicates whether the stop was initiated by the Harbor Patrol	0 if no and 1 if yes
investigative	Refers to any stop that involved a temporary investigative detention of a person	0 if no and 1 if yes
