This Teletype is being issued to provide additional guidance to Teletype #07-137-14 issued yesterday on firearms enforcement in light of the Palmer vs. DC ruling. Unfortunately, this ruling has left many unanswered legal questions that are currently being reviewed by the OAG. The guidance below is to assist members in making immediate enforcement decisions until these legal issues have been resolved.

This ruling only applies to handguns and does not apply to long guns or shot guns which are still illegal to carry in the District.

It is important to remember our job as law enforcement officers is to enforce laws and regulations that are in effect.

Difference between possession of a firearm and criminal offense committed with a firearm

Under the current ruling, possession of a firearm outside of the home or business in and of itself MAY NOT be criminal. For example, a District resident that has a legally registered firearm may legally possess it outside of the home or business. However, District residents are still PROHIBITED from possessing a firearm that is not legally registered in the District. District law requires proof of registration. (See attached for proof of registration).

These changes **do not** prohibit officers from making arrests for crimes committed with a firearm or seizing weapons used in a criminal act.

15. DESCRIPTION OF WANTED PERSON OR MESSAGE

If one is a non-District resident, legal possession of a handgun in the District is based on the laws of their home state or in the state in which a person has a valid permit to carry. Additional information on the laws in other jurisdictions will be forthcoming. In the mean-time contact the 24- hour information line listed below.

Under District and Federal law, it is **still a crime** for the following individuals to possess a firearm at any time.

- Convicted felon
- Fugitive from Justice
- Anyone under a CPO requiring them to relinquish firearms
- Under 18 years of age

Discharging a firearm on public space continues to be a criminal offense.

Transportation in an automobile

Transporting a firearm within the District of Columbia is not a violation of the law as long as one can legally possess the firearm using the criteria listed above.

Stops

Officers need reasonable, articulable, suspicion of a crime in order to conduct a stop of a person in possession of a firearm.

Searches and Seizures

Probable cause is still required for arrests, searches and seizures.

Firearm Possession on Private Property

Nothing in this ruling restricts business or property owners from prohibiting possession of firearms on private property. Refusal to comply with a property owners request to leave can result in arrest for Unlawful Entry.

Officer Safety

We understand that the immediate implementation of this ruling creates safety concerns for our members and our community. We are confident that our members will continue to use their training and experience to exercise caution in every interaction in the course of their duties. Until further action is taken by the courts and or legislature to clarify the legal issues, I am confident that the professionalism and sound judgment of our members will continue to serve the best interest of public safety while respecting individual rights.

24 – Hour Guidance

Until further notice members having questions about enforcement can contact the CIC on 202-727-9099 to be connected to an on call member of our legal staff.
