## ENSURING A SAFE 4TH OF JULY CELEBRATION MEANS KNOWING THE LAW ON FIREWORKS IN DC

July 4th is traditionally a time for parades, backyard barbecues and the spectacular fireworks display on the National Mall. Unfortunately, the Independence Day holiday is also a time when serious injuries associated with illegal fireworks are all too common. Nationwide, nearly 10,000 people a year are treated in hospital emergency rooms for fireworks-related injuries; more than 40 percent of the victims are ages 14 and younger. So again this year, the MPD is joining with other public safety organizations in advising the public to know the law on fireworks in DC. District law prohibits all firecrackers, as well as any fireworks that explode

### Characteristics of *Illegal* Fireworks

An illegal firework as defined in Article 27 of the DC Official Code may have any of the following traits:

- 1) It moves;
- 2) It explodes;
- 3) It emits a spark or flame greater than 12 feet;
- 4) It has a side-mounted fuse or a fuse inserted at any point along the length of the product's surface;
- 5) It contains mercury, arsenic, magnesium, phosphorus, or any other highly-oxidizing agent;
- 6) The Fire Marshal considers it to be dangerous to the safety of any person or property.

(including cherry bombs, salutes, Roman candles, floral shells, and artillery shells) and any fireworks that launch after being lit (such as bottle rockets, parachutes, buzz-bombs, pinwheels, helicopters, and jumping jacks). Fireworks that have a side fuse or that contain mercury, arsenic or other dangerous materials are also prohibited. Among the fireworks that are allowed in the District are small sparklers, fountains, torches and other novelty items.

## THE MPD HARBOR PATROL STRESSES SAFETY ON INDEPENDENCE DAY AND THROUGHOUT THE SUMMER

This weekend, many captains and their crews will hit local waters for a little fun in the sun – and on the water – to celebrate Independence Day. The MPD's Harbor Patrol Unit is reminding boaters to respect the water and to practice important safety measures. In particular, boaters are being warned that boating while under the influence is strictly prohibited on DC's waterways. Harbor Patrol officers will be out this holiday weekend – and throughout the summer – looking for impaired boaters and other safety violations. Boat owners and guests are also reminded of the critical importance of personal flotation devices – or "PFDs," for short. US Coast Guard regulations require that all boats have a wearable type PFD for each person on board or being towed. Each PFD must be in good condition, readily available, and the proper size for the intended wearer. Boaters need to ensure that there are properly fitting PFDs for all children who may be aboard their vessels. In addition, boats 16 feet in length or longer must carry a Type IV throwable device. Most adults need an extra 7-12 pounds of buoyancy to keep their heads above water. A PFD can provide that "extra lift" to keep you afloat until help comes. Your weight isn't the only factor in how much extra lift you need. A person's body fat, lung size, clothing, and water conditions are also important.

- » For more information about PFDs and their use and care, as well as other safety and equipment requirements, visit:  
<http://mpdc.dc.gov/harborpatrol>
- » The Harbor Patrol offers boating safety courses that are required of anyone who operates a boat in DC. Get the 2011 schedule at:

## REMINDER TO YOUNG PEOPLE AND FAMILIES: CURFEW IN EFFECT YEAR-ROUND; SUMMER HOURS BEGIN JULY 1

The MPD offers this reminder to young people and their families concerning DC's teen curfew: From September 1 through June 30, DC's curfew for young people under the age of 17 starts at 11 pm, Sunday through Thursday nights, and at 12:01 am on weekends. Beginning Friday, July 1, and continuing through August 31, DC's curfew starts at 12:01 am, and continues until 6 am seven days a week. This is an hour later than the weeknight curfew during school months. Under DC law, persons under the age of 17 cannot remain in or on a street, park or other outdoor public place, in a vehicle or on the premises of any establishment within the District during curfew hours, unless they are involved in certain exempted activities. These include work, school, religious, civic or organized recreational activities, as well as the exercise of First Amendment rights. DC's curfew law applies to all young people who are in the District during curfew hours, regardless of whether they live inside or outside the city. During the first six months of 2011, the MPD has processed approximately 1,800 curfew violators.

## MAYOR VINCENT C. GRAY AND PUBLIC-SAFETY OFFICIALS LAUNCH "BE SAFE THIS SUMMER"

Summer vacation has begun for thousands of DC youth, and Mayor Vincent C. Gray has launched one of the most comprehensive summer programs ever assembled in the District of Columbia to provide activities for them. The "One City Summer Fun ... Something for Everyone" program, Mayor Gray's integrated approach to a safe and creative summer season, provides something of interest for everyone in every ward across the city. The program is an important initiative of his "safe communities" agenda.

One component of the initiative, "Be Safe This Summer," allows the community to participate in numerous summer programs geared toward public safety being offered by District agencies and community partners. These include crime prevention tips, fireworks safety and home emergency preparedness strategies. Public-safety agencies will also display equipment and offer demonstrations at the event.

"One City Summer Fun ... Something for Everyone" is a wide-ranging and expanded citywide partnership among District government agencies, community and faith-based organizations and private-sector groups.
