REPORT CRIMES ONLINE USING THE METROPOLITAN POLICE DEPARTMENT'S CITIZEN ONLINE REPORTING TOOL

The Metropolitan Police Department's Citizen Online Reporting Tool gives users the ability to report certain types of incidents that don't require a police officer to witness or gather the information. Through the Citizen Online Reporting Tool, you can now report the following types of incidents:

- Lost property
- Lost vehicle tags
- Stolen vehicle tags
- Theft/theft from auto
- Destruction of property
- Damage to property

While not every crime is avoidable, there are certain precautions you can take to reduce your risk of becoming a victim of certain property crimes. One of the most common types of theft is theft of valuables from your automobile. Theft from auto is strictly a crime of opportunity that can be prevented if you take away the opportunity. Thieves generally won't waste their time breaking into autos that don't have valuables in plain sight, so follow these tips to reduce your risk!

- **Keep Your Valuables Out of Sight.** The best way to prevent theft from your auto is to always keep valuables out of sight. Never leave cell phones, briefcases, suitcases, or electronic devices (cell phones, iPods, laptop computers, etc.) in your car in plain view. Take these items with you, or secure them—all the time, every time.
- **Secure Your GPS Device.** While many GPS devices are mounted in the dashboard of the vehicle, the MPD encourages anyone who uses a portable GPS device to take it with you, along with any other items of value, when you park the car.
- **Use Your Trunk.** If your car has a trunk, use it. Put valuables in there or in a locked glove compartment. Hiding items under seats is better than leaving them in plain view, but securing them inside the glove compartment or trunk is a far better deterrent.
- **Don't Tempt Thieves.** Don't flaunt your new purchases. Use discretion when making purchases, especially if you have a large amount of cash on you.
- **Shop Smart.** Any time you're shopping, place packages in the trunk, not on the passenger seats or floors.
- **Lock It Up.** Keep your car doors and windows locked—all the time!

Select	Incident Type	Definition	Examples
<input type="radio"/>	Damage to Property	Incident where physical damage is caused to your property, but there is not enough information or circumstances do not warrant it being reported as a crime.	(1) You hit a deer while driving, and your driver's side mirror is broken. (2) You park your vehicle in a public garage. When you return a couple days later, there is a large dent in the left back bumper of your vehicle. It is unknown what caused the damage.
<input type="radio"/>	Destruction of Property	Incident when someone willfully causes, or attempts to cause, physical destruction of your property.	Someone willfully breaks a window in your garage while you are sleeping in the adjoining house. A witness reports that he saw two juveniles running from the side of the garage earlier that morning.
<input type="radio"/>	Lost Property	Personal or commercial property that is lost, missing or misplaced.	You leave your purse somewhere in a convenience store while shopping but do not realize it for several hours.
<input type="radio"/>	Lost Tags	Incident where tags (license plates) are lost or missing from a vehicle not due to theft.	The tags fall off your motorcycle during a traffic crash, or if your car's front license plate has fallen off.
<input type="radio"/>	Stolen Tags	The wrongful taking or use of tags (license plates) from your vehicle without your permission. Includes attempts to steal your tags also.	You return to your vehicle after work and find your license plates stolen.
<input type="radio"/>	Theft	The wrongful taking of another's property without force or the threat of force. Excludes thefts of and from motor vehicles (e.g., cars, motorcycles, segways, etc.). Includes attempts to commit theft also.	A stranger picks up your iPhone from the counter of a restaurant when you walked away for a couple minutes to speak to a friend. The stranger leaves the store before you notice your phone is gone.
<input type="radio"/>	Theft from Auto	Theft of another's property from his/her motor vehicle. Includes attempts to steal property from your vehicle also.	You leave your car unattended during the summer to run into the dry cleaner. You leave the driver's window rolled down. When you return, you find the backpack you left on the front seat missing.

MPD AND DC COALITION AGAINST DOMESTIC VIOLENCE SEEK CELL PHONES FOR VICTIMS OF ABUSE

The Metropolitan Police Department has collaborated with the DC Coalition Against Domestic Violence to collect unwanted gently-used cell phones (and chargers and batteries if you have them) to distribute to victims who are living in domestic violence situations. Phones are collected by Victim Specialists and distributed to clients through our partner agencies, including: the Domestic Violence Intake Center at DC Superior Court and the Southeast Satellite Office at Greater Southeast Community Hospital.

Collection sites will be in every district and substation. Individuals may drop off their used and unwanted cell phones (and chargers/batteries, if you have them) in the designated boxes.

The DC Coalition Against Domestic Violence will handle all tax deduction requests. Individuals requesting to receive a tax deduction for their contribution may either mail them directly to the DC Coalition Against Domestic Violence, drop them off at any police district, or contact the Victim Services Branch to schedule a time to drop off your phones with a Victim Specialist at the Metropolitan Police Department Headquarters location.

The phones will be cleaned and programmed for the purposes of 911 only by the DC Coalition for Domestic Violence and will be provided to victims of domestic violence. These phones may be a valuable tool to those victims who do not have access to a telephone either a landline or cellular by connecting him/her to emergency services when needed.
